

WE'VE GOT YOU  
COVERED

JCL AVIATION SERVICES

**JCL Aviation Services** is a full-service independent aviation insurance agency and consulting company. We are here as your risk management partner. From identifying exposures to creating solutions, we are uniquely qualified to provide you the information and coverage you need.

We specialize in serving general aviation operations and businesses. Our clients include owners, fractional owners and operators of all types of aircraft:

- Piston powered
- Corporate Jets
- Managed Fleets
- Helicopters
- Unmanned Aircraft Systems (UAS)

We also work with fixed-based operators (FBOs), aircraft brokers, aviation and aerospace manufacturers, aircraft title companies, financial institutions and airports.

In addition, our clientele includes individuals and companies who utilize non-owned aircraft and UAS. JCL Aviation Services has a variety of capabilities to meet our clients' varied needs.

Our unique approach allows JCL to provide our clients with comprehensive, competitively priced insurance programs and unparalleled service. With extensive experience and strong market relationships in the aviation industry, we assist with all types of general aviation operations and businesses. We also serve clients by helping them round out their insurance programs. For aviation businesses, we work with them to identify and address non-aviation coverages. For non-aviation businesses, we help coordinate their aviation insurance coverage with their overall insurance program. We work to create tailored solutions to ensure our clients have the coverage they need.

With over 25 years of experience, JCL Aviation Services is dedicated to providing the highest quality products and services. We look forward to serving you!

## ABOUT US

JCL Aviation Services was founded in 2008 by seasoned aviation and insurance professionals. Co-founder and company President **Lisa M. Ouellette** has over 25 years of experience in the aviation insurance industry. She began her career as an underwriter for Associated Aviation Underwriters and then moved to the brokerage side of the business working as an aviation specialist for Marsh and then Wachovia.

Lisa has a Bachelor of Science Degree in Aeronautics from Bowling Green State University. She is a member of the CPCU Society, the membership association for risk management and insurance professionals, and is also a Certified Aviation Insurance Professional (CAIP). Lisa is a long-standing member of the Aviation Insurance Association (AIA), and in 2016, was inducted into the AIA Eagle Society in recognition of her dedication and substantial contributions to the aviation industry. Lisa and the team continue to stay abreast of the latest regulatory and industry requirements through continuing education. JCL's executive team hold multi-engine and instrument private and commercial pilot licenses.

JCL's expertise encompasses working with a variety of corporate operators, airports, flight schools and aviation product manufacturers. A key area of specialization is aviation accident response planning. The team has developed programs for numerous entities, including FORTUNE 500 companies.

In addition to our in-depth expertise, we have developed key industry partnerships that allow us to offer clients a wide variety of aviation risk management services.
