

# ARE DRONES PART OF YOUR OPERATION?

From sporting events to real estate, more and more companies are using unmanned aircraft systems as part of their business activities. But do they have the right liability coverage for their operation?

JCL Aviation Services is your risk management partner. We're here to help with all your aviation insurance needs, including drone operations. From assisting with your insurance placement, ensuring you have the right certificates in place or helping you obtain the needed resources to create a safety manual, JCL's got you covered.
